RCE Under 37 CFR 1.114

1. The request for a Request for Continued Examination (RCE) under 37 CFR 1.114 filed on [3/3/06] is acknowledged.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: Claim 23 recites a tabletop with two side runners and a longitudinal mid runner. The mid runner has two ends attached to transverse members of the leg assemblies. Two attachment units make this connection to allow the transverse member to rotate. The attachment units have a c-shaped frame with a guiding slot and a frame connector. Nien teaches a table with a mid-runner, but does not teach or suggest attachment units at the ends of the mid runner to connect to the transverse member. Peterson teaches a table with a mid-runner, but does not teach or suggest a c-shaped frame with a guiding slot at the end of the mid runner nor does Peterson teach side runners and folding assemblies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
